In response to the Restriction Requirement mailed June 29, 2004, Applicant elects claims 1-9 for prosecution *with traverse*. Applicant contends that elected claim 1 is generic to remaining claims 10-23. Should a generic claim be allowed, Applicant would be entitled to consideration of claims to the other species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141.

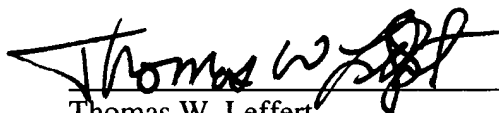

Applicant respectfully cancels remaining claims 24 – 35 without prejudice, and reserves the right to reintroduce them in a divisional application at a later date.

The Examiner is invited to contact Applicant's Representative at (612) 312-2204 if there are any questions regarding this Response or if prosecution of this application may be assisted thereby.

Respectfully submitted,
